**PRODIGY DANCE TEAM----- MISSION STATEMENT**

The focal point of PRODIGY is to be a leading youth dance company recognized for presenting eclectic, innovative and finely honed repertoire of dance styles.

Our mission is to promote an outlet for dancers to perform in a professional manner while emphasizing the empowerment of young people by building self-esteem and inspiring creative self-expression. The structure of the PRODIGY teams focuses on the development of appropriate knowledge, skills, and strategies that will enhance the students' ability to teach or work with dance in a variety of settings. In the competitive circuit, it is not the award that is the significant measure of success, but the journey towards earning the award that is recognized.
